in Minute 29 relating to the Community Council of Devon.
- 34. Any matters arising from the Minutes.**
None.

At 7-36 pm Chairman briefly adjourned the Meeting to allow PCSO Baker to make her monthly report to the
Council.

A new policy in relation to stray Dogs came into force on April 6th. Responsibility for strays is now transferred to the local authority (Torridge D.C.) who should be contacted when necessary. PCSO Baker has stressed that any other matters concerning dogs, for example dangerous or nuisance dogs, are still a Police responsibility. There are posters displayed in the village giving more details.
PCSO Baker had followed up the enquiry as to whether a speed limit could be introduced at New Inn as there was a street light there. As the light was deemed to be an amenity light rather than a proper street light the criteria for a limit was not met.

Councillors asked that the parking restrictions at road junctions and at night could be clarified and attention given to any offenders who are noticed. PCSO will make enquiries and report back.

At 7-45 pm Chairman called the meeting back to session after thanking PCSO Baker for her report.

35..Agenda items for Discussion and Resolution.

- (a) Bus shelter. Some damage had been reported to the shelter, which after inspection was thought to be the result of deterioration of the woodwork retaining the panels. Councillors agreed that Mr Sluggett be asked to include the repairs in the remedial works he was already undertaking.
- (b) Bank account authorisations. Clerk reported that the bank had made an administrative error recently, having reverted to the authorisations in place for the previous Clerk, which had been obsolete since February 2007, and those of Councillors who had retired in May 2007 likewise. The Bank were asking Clerk to perform the whole authorisation process again. Clerk will report back on the outcome.
- (c) Mill Field development. Following the report in Item 30 last month of complaints of machinery noise and nuisance caused by lorries visiting the site Councillors had no further problems to report and the work required to prepare the entrance and the off street parking areas was going ahead satisfactorily.

36. District Councillors Report.

District Cllr Saywell introduced Councillor James Morrish, Leader of Torridge D.C. who outlined the latest progress of the Boundary Commission enquiry into Unitary Status for the County of Devon, not including Plymouth and Torbay which are already Unitary Councils. 8 Members of the Commission recently toured the county visiting Districts to gain some idea of the local structure. Their approach seems to be "big is beautiful" and they are working along the lines that any Authority should be administering to at least 175,000 people to be viable. This would automatically rule out a simple merger of Torridge and N. Devon. The B.C. say that they are considering all options put forward but

stress, rather ominously, that they will have the final say. The most favoured option put forward was for the whole county, (excluding Plymouth and Torbay who want to expand their areas to include most of S.Devon, for extra revenue) to be one unitary area centered on Exeter, including East Devon and right round the North of the region to Tavistock/Okehampton. This would fail if Exeter reapply for unitary status in their own right as they would want to take in the E. Devon area to give themselves the necessary "clout". This would leave the remainder, with a population of about 300,000 possibly centred on Barnstaple, which wouldn't have the necessary influence to operate effectively.

There are so many options put forward, Teignbridge, for example, put forward 6 suggestions without stating a preference, that arriving at a decision appears an unenviable task.

The B.C. have until 14th December to make their recommendations to the Minister, Hazel Blears. Mr Morrish felt that it was a disappointment that after all the hard work of the past 12 months to get Torrridge back on its feet, for which they had been commended by Government, it would all be in vain with the B.C. having the final say and probably having made their minds up even before the consultation period in August/September.

A full Torrridge council meeting had produced a narrow decision (by 17 to 15) in favour of a single County unitary including Exeter.

Any changes would not take effect until the middle of 2010.

Chairman thanked Mr Morrish for his report and the agenda business was resumed.

37. Planning.

(a) Councillors considered the following new applications.

1/0253/2008/FUL. Wildlife pond and woodland area. West Folly. Shebbear. NO OBJECTIONS.

1/0298/2008/FUL. Single storey extension to Shebbear Village hall. NO OBJECTIONS.

1/0272/2008/AGR. Extension to calf rearing shed. Backway Farm. Shebbear. NO OBJECTIONS.

(b) Applications Granted. None received.

(c) Applications Refused.

1/0058/2008/FUL. General purpose agricultural building. Berry Park Barn. Shebbear. Councillors queried why the application had been refused after the parish council had raised no objections.

District Councillor Saywell was of the opinion that the refusal was on a technicality and that if the applicant were to discuss the matter with the planning officer it was possible that approval may be given if the technicalities could be ironed out.

1/0076/2008/FUL. Erection of dwelling adjacent to 1 Halwill Cottages. Shebbear.

(d) There were no relevant, adjacent applications.
